

Calculated thermal output as function of the evaporator inlet temperature for different condenser outlet temperatures (R1336mzzZ).

Calculated thermal output as function of the evaporator inlet temperature for different condenser outlet temperatures (R1233zd).

Calculated thermal output as function of the evaporator inlet temperature for different condenser outlet temperatures (R1234ze).

25/01/2022 – Data: SPH Sustainable Process Heat GmbH; Elaboration: Studio Caramelli S.r.l.

Calculated thermal output as function of the evaporator inlet temperature for different condenser outlet temperatures (R1336mzzE).
